

Child Sponsorship

"Wanna Change the World?
Sponsor a Child... It's a proven
theory and it works".

—Bruce Dyke, US Top Economist

YOU can sponsor a child for as
little as 50 cents a day for food
and 50 cents a day for education.
\$1 a day will feed and educate a child.

For more info, please write to:
president@restoreachild.org
or call: 240 393 7712

WE INVITE YOU TO BE A MONTHLY PARTNER

Save a child's life for just 50 cents a day

RESTORE
a child

restoreachild.org

"I have utmost respect for Restore a Child's founder. For five years I worked with Norma and seeing the way she lives, and comparing it with the amount of money she raises for children who will never be able to pay her back, I can only have the deepest admiration for her. Her inspiration helped guide me in my moments of 'discouragement'. You and Restore a Child are not making headlines in popular news media, but you are writing eternal stories in the hearts of thousands of poor and orphan children...."

—Engineer Joseph Valcin, New York, USA

"I have devoted myself to Restore a Child as my main charity giving because I can think of no more worthy cause where every dollar has a significant impact on directly helping kids. It would be hard to find a charity that equals Restore a Child. The previous record of this charity working with such a limited budget is proof of its effectiveness and dedication."

—Dr. Mitchell Davis, M.D., Washington DC, USA

"... We have learned to trust Norma Nashed and her organization to do what she says she will do with the Grants. It is amazing how one faith-filled dynamic woman could accomplish so much with so little. VERSACARE is proud to partner with Norma Nashed and Restore a Child."

—Ron Wisbey, Vice President, VERSACARE, CA, USA

Our Promise to the Children of the World

RESTORE
a child

Restore a Child will provide for the basic needs of
orphans and underprivileged children and help
them develop into productive adults.

giving
water
giving
hope

Water is basic to human life... clean water is essential to good health. Almost 800 million people do not have access to clean water. Mothers and children in poor regions of the world spend hours every day fetching water... most of it contaminated that results in disease and often leads to death. Restore a Child drills wells where needed to provide a healthy baseline for childhood development.

780 MILLION PEOPLE DO NOT
HAVE ACCESS TO CLEAN
WATER AND ALMOST 2.5
BILLION DO NOT HAVE ACCESS
TO ADEQUATE SANITATION.
—UNITED NATIONS

do fast
the fast to defend orphans

The do fast is now part of the new NAD Bible Curriculum, ENCOUNTER

ENCOUNTER
ADVENTIST CURRICULUM

What is the do fast?

"The do fast is God's true fast: "Is it not to share your bread with the hungry...." Isaiah 58:6-7 NKJV

Every year in October, the world places special focus on the #1 public health issue of world hunger, known as World Hunger Action Month, to address the one billion people who face perpetual hunger. This event culminates in World Orphan Day.

The Do Fast is a partnership between the North American Division Education, Ministerial, and Youth Departments and Restore a Child.

giving education

The proper educational development of a child will determine the health of a nation in 20 years. Because of poor learning environments children are not developing their learning capacities. Restore a Child has built six schools and is on track for three more schools by 2018.

giving shelter

A safe and nurturing home is essential in the development of a child. Restore a Child builds shelters where street orphans can find safety and provide a place to save girls from trafficking and prostitution on the street. Restore a Child currently built five homes to shelter children.

giving medical care

Restore a Child gives free medical care where little or none exists. Today, thousands of children live healthy lives because of our faithful donors who give to our medical programs. Many responsible and productive adults today are the result of the medical care they received from Restore a Child... as a child many years ago through the pediatric wards we built.

giving food

To achieve sustainability, Restore a Child planted five thousand fruit trees and vegetable gardens. This provides healthy food for the children now and for the future. We also generate income from sale of the food to the surrounding communities.
